### Release Features

#### nT Virtual Vision: Smooth grid curves

Now when creating a new grid and using the new option 'Smooth', it will create the curvy lines to adapt to the shape of the object.

Your browser does not support the HTML5 video element

#### nT Masquerade: Mask selection

Working with alpha channel mask and selecting the mask in the plug-in you can exclude the separation.

Your browser does not support the HTML5 video element

#### nT Step&Repeat: Zoom option

The panel has higher quality and new zoom function.
