nT Colorations

Color Variations

This option is starting from a determined color that will carry out variations between patches of a certain percentage of color. This option provides color variations of the color using color deviation and color steps

Your browser does not support the HTML5 video element

Enhancements

General

Support Adobe Photoshop 2021.

nT Colorations

Working with shared neoCatalog color libraries with selected ICC profiles in nT Colorations, now the profile information will be used in nT Coloration's color library.
